## BILLIARD TABLE

Meet the Forge Pool Table. The table that anchors the room before the first break is ever made. Available in multiple finishes, this pool table blends modern architectural design with timeless woodworking. The unique one piece angled rails give this table a high end modern feel, while the bold angled legs feature vertical slats detailing for depth, texture, and visual strength. A striking matte black stretcher beam connects the bases, adding contrast and a contemporary edge that sets this table apart.
